

Statutory support for parents with children with ADHD/ASC (NHS, n.d.)

Children:

- Assessment via Children's Services (Care Act, 2014)
- Varied help available – some free some may require parental contributions
- Children with disabilities (SEN) entitled to support through an EHCP

Adults:

- Right to a needs assessment via local authority (Care Act, 2014)
- Support recommended might be day-care/paid carer
- Irrespective of whether they are considered to have a learning disability
- Assessment usually done according to preference and need in the home.

Statutory support

Adults

- Access to Work Scheme – to financially support disabled individuals maintain/gain employment (Gov.uk)
- Personal Independence Payment (PIP) – to help with extra living costs from neurodivergence (often also due to co-occurring health conditions and difficulty doing everyday tasks or activities involving mobility) (Gov.uk)
- Employment and Support Allowance (ESA) – for individuals who can't work because of disability
- Universal Credit – means tested benefit if on low income/not in work
- Attendance Allowance – benefit for people over state pension age and have personal care needs
- Housing Benefit
- Council Tax Reduction
- Social prescribing support/signposting
